

Travel and accommodation suggestions

Travelling to Perth and to Edith Cowan University (ECU), Joondalup
For those who have never been to our little town.

The first to understand is that Perth is a very spread out city.

ECU Joondalup is 41 km from the Perth Airport and about 27 km from Perth city.

To avoid a long commute every day, booking accommodation in the Northern Suburbs may be useful.

These three are very close to Joondalup.
